

Correction to: “M. Hino and K. Nakahara, On singularity of
energy measures on self-similar sets II”
[Bull. London Math. Soc. **38** (2006), no. 6, 1019–1032.]

In p. 1022, line 6,

if $\mathcal{E}^{(0)}(u|_{V_0}, u|_{V_0}) \leq \mathcal{E}^{(1)}(u, u)$ for every $u \in l(V_1)$

should read

if for every $v \in l(V_0)$, $\mathcal{E}^{(0)}(v, v) = \inf\{\mathcal{E}^{(1)}(u, u) \mid u \in l(V_1) \text{ and } u|_{V_0} = v\}$.
